Controls

Optional remote

Enjoy added convenience with an optional remote—control every function of your fireplace, including power, flame height, and blower speed, from the comfort of your couch.

Optional heat management

Hot air distribution kit (LHAD)

Efficiently moves warm air from the fireplace to a different room or outdoors using flexible ducting.

Innovations

Battery back-up control

In the event of a loss of power, your fireplace will still light and keep you warm (batteries are not included but you can charge with your own power bank).

Direct vent

Effectively removes exhaust and fumes from your space, keeping your indoor air clean while also conserving energy.
