DISTINCT DIRECT VENT FIREPLACES
napoleonfireplaces.com
Find your happy (fire)place.

Throughout the ages, people have gathered around fires to share in life’s greatest joys. There’s just something about the glow of flickering flames that makes special moments feel even warmer.

A Napoleon fireplace is uniquely designed to brighten the vibe of any room in your house. Napoleon has an incredible range of designer options to fit any vision.

A fire not only raises the warmth and ambiance of a room, it can raise the value of your home. A fireplace offers some of the highest returns of any remodeling project. And that should make you feel good all over.

And so you can keep enjoying that positive glow for years and years and years to come, every Napoleon fireplace is backed by the President’s Limited Lifetime Warranty.

LED Spectrum Light Strip
The LED lights transition through an array of colors based on an RGB color spectrum
(feature image shown above shows the color range, ember bed will only show one color at a time)
**Grandville™ 36 CF**

**Best of Both Worlds**

The Napoleon Grandville™ 36 CF gas fireplace with heat radiating glass, beautiful display of YELLOW DANCING FLAMES® and realistic PHAZER® log set makes it the perfect complement to a crisp, contemporary design. The perfect fireplace for those wanting a traditional look but a clean face contemporary style, the Grandville™ 36 CF gives you the best of both worlds.
The Grandville™ 36 CF shown with standard Clean Face Front and Mineral Rocks.

BGD36CF
Up to 17,000 BTU's
Viewing Area: 40" W x 34" H

For more detailed specifications on this unit, see page 25
Outstanding Features
of Napoleon’s Advanced Technology

**Advanced Burner Technology**
Napoleon’s sophisticated burner system offers superior flame technology. Strategically placed burner ports create the most realistic YELLOW DANCING FLAMES® in the industry.

**Finely Tuned Precision Valves**
Surrounded with a protective cast aluminum jacket, the precision valves allow for ultimate reliability and 100% SAFE GUARD™ gas control system.

**Minimum 30% savings on heating costs with Zone Heating**
Zone Heating means you are heating the rooms that you use the most with an alternate heat source, like a Napoleon gas fireplace. Zone Heating is the obvious solution for families concerned about rising fuel costs.

**Outstanding Craftsmanship**
Fine details are designed in every aspect of Napoleon fireplaces... individually handcrafted with pride of excellence to last a lifetime.

**Safety Screens**
Napoleon, leaders in design & technology have developed safety screens with aesthetically pleasing designs for every gas appliance to ensure ultimate safety and peace of mind for your family.
With over 35 years of research and development, Napoleon has perfected direct vent technology to offer you a fireplace, stove or insert that easily fits into your lifestyle.

With Napoleon’s direct vent technology, you can design and install your fireplace in unique locations where it wasn’t possible before with traditional masonry fireplaces. Even your basement can be transformed into a warm, inviting oasis for your family and friends to enjoy.

Whether you are renovating, building or replacing an inefficient fireplace product, Napoleon helps guide you in the right direction to find the product that’s right for you and your home. Napoleon Fireplaces are a smart investment that will bring many years of affordable luxury to you and your family.

*See installation manual for details

Napoleon’s power venting system allows more freedom and versatility for direct vent installations. The option of having the termination above or below the fireplace, along with the ability to “snake” either up or down, allows installation when the desired fireplace location is a great distance away from an outside wall. The blower that pulls the burned gases from the fireplace is mounted outside at the terminal which provides WHISPER QUIET® operation inside the home.
