Find your happy (fire)place.

Throughout the ages, people have gathered around fires to share in life’s greatest joys. There’s just something about the glow of flickering flames that makes special moments feel even warmer.

A Napoleon fireplace is uniquely designed to brighten the vibe of any room in your house. Napoleon has an incredible range of designer options to fit any vision.

A fire not only raises the warmth and ambiance of a room, it can raise the value of your home. A fireplace offers some of the highest returns of any remodeling project. And that should make you feel good all over.

And so you can keep enjoying that positive glow for years and years and years to come, every Napoleon fireplace is backed by the President’s Limited Lifetime Warranty.

Napoleon’s Hot Spots Research Study delivers insights on key areas of the home. In particular, how to help you add relaxation, social interaction and functionality to rooms to enhance your memorable moments.

Throughout this brochure we will share some of our insights with you. For more inspiration visit napoleonfireplaces.com/inspiration.

Oakville X3 shown with Small Arched 4-Sided Black Faceplate and Large 3-Sided Backerplate
Oakville™ 3
Style, Comfort and Efficiency

The Napoleon Oakville™ 3 Gas Fireplace Insert offers many standard features including a premium_SPLIT_OAK_log_set_and_"H"_style burner that produces a full firebox of flames! The clean face design, flush finish accessories and endless design opportunities makes this perfect for smaller living spaces. The Oakville™ 3 is great for home owners who want the cost saving benefits of Zone Heating (heating the room you use the most) plus the benefit of replacing an old drafty masonry fireplace with an efficient heating source.

Oakville™ X4
Stunning Triple Flame Pattern

The largest in the Oakville™ Series the impressive Oakville™ X4 Gas Fireplace Insert has an exclusive dual burner split flow system that results in a firebox filled with a stunning triple flame pattern, and allows the option of independently operating the front and rear burners from 16,000 to 40,000 BTU’s. A superior heat circulating blower comes included with this model and when paired with the Oakville’s air flow improvement directional baffles generates maximum blower efficiency. A stunning triple flame and massive 518 sq. in. viewing area makes this fireplace insert a perfect choice for larger rooms where a passion for luxury is evident.

Fiberglow® Vented Gas Log Sets
Ambiance Your Home Deserves

No need to split and haul wood to your masonry fireplace, simply add a realistic Napoleon Gas Log Set. In today’s demanding society where life never seems to slow down, we crave the simple pleasures that bring back relaxation, comfort and treasured times with family and friends. Napoleon’s gas log sets feature an electronic ignition, a clean burning infrared radiant heat burner system and are available in three sizes.

**Features & Options**

- GL18E - 18” Log Set
  - Up to 55,000 BTU’s
  - 16" H x 20 3/8" W x 13 1/4" D

- GL24E - 24” Log Set
  - Up to 60,000 BTU’s
  - 16" H x 26" W x 13 1/4" D

- GL30E - 30” Log Set
  - Up to 65,000 BTU’s
  - 16" H x 30" W x 13 1/4" D

Fiberglow 30 shown with Grate, Andirons, Lava Rocks and Cinders.
**Verso™ Vented Gas Log Sets**

**Two Looks In One**

Napoleon’s Reversible Gas Log Sets can be configured for an authentic looking split-wood fire, a natural looking tree bark appearance or a combination of both. Featuring massive flames, reversible PHAZER® logs, electronic ignition with battery back-up and high heat output, your fireplace will look like a real wood burning fireplace without the work and maintenance of using real wood. The burner pan is adjustable to allow more glowing embers to be seen. Controls are hidden but easy to access, and an optional remote control or remote wall switch are available for added convenience.

Up to 90,000 BTU’s
6 7/8" H x 32" W x 11 3/8" D

For more detailed specifications on these units, see page 27
The Living Room, Kitchen and Bedroom are prime targets for creating Hot Spots. If you get these rooms right, you’ve nailed it!

HOT SPOTS RESEARCH STUDY

How key home areas and attributes impact home buyers and their purchase decisions.
Outstanding Features
of Napoleon’s Advanced Technology

Advanced Burner Technology
Napoleon’s sophisticated burner system offers superior flame technology. Strategically placed burner ports create the most realistic YELLOW DANCING FLAMES® in the industry.

Finely Tuned Precision Valves
Surrounded with a protective cast aluminum jacket, the precision valves allow for ultimate reliability and 100% SAFE GUARD™ gas control system.

Minimum 30% savings on heating costs with Zone Heating
Zone Heating means you are heating the rooms that you use the most with an alternate heat source, like a Napoleon gas fireplace insert. Zone Heating is the obvious solution for families concerned about rising fuel costs.

Outstanding Craftsmanship
Fine details are designed in every aspect of Napoleon fireplaces... individually handcrafted with pride of excellence to last a lifetime.

Safety Screens
Napoleon, leaders in design & technology have developed premium safety screens that are minimally visible and therefore aesthetically pleasing for every gas appliance to ensure ultimate safety and peace of mind for you and your family.
1. Air flows towards the air intake opening.

2. Natural gas or propane flow into a precisely calibrated SIT safety valve.

3. Air and fuel mix within the venturi tube.

4. The perfect blend of fuel and air mixture travels through the burner ports, strategically placed to begin the process of creating the most realistic flames in the industry.

5. Infrared heat from the exclusive PHAZERAMIC™ burner and ember bed provides up to 65,000 BTU’s (GL30E).

6. Infrared heat technology and curved rear log design directs heat back into the room.

7. Controls are hidden from view but easy to access. The added feature of an on/off switch is conveniently located at the front side.

8. Flame sensor provides 100% SAFE GUARD™ system, quickly and automatically shutting off the gas supply for your peace of mind.

9. Electronic ignition with battery back-up ensures reliability without the need for electricity.

10. Ignition system is easy to operate with a digital remote control, wall switch or wall thermostat.
