A man with long hair is pouring red wine from a bottle into a glass held by a smiling woman. They are seated at an outdoor dinner table at night. The table is set with a blue napkin, a lit candle in a glass holder, and other dining items. The background shows other people and greenery, suggesting a garden or patio setting.

**BRING QUALITY OF LIFE
TO YOUR GARDEN**

1.

CHOOSE YOUR GRILL HEAD

A suitable grill for your grilling needs

When choosing your built-in grill head, it is important to decide on the desired size of the grilling area plus which grilling methods you need such as rotisserie cooking, smoking and much more...

More on page 6

2.

CHOOSE YOUR STRUCTURE

Flexible individualist or connoisseur?

Dependant of your personal preferences and expansion plans, you can choose between the combinable Oasis™ outdoor modules (A) or decide for a brick garden oasis with optional installation elements (B).

A

Modular Outdoor kitchen

Infinite combination and expansion options make the Oasis™ outdoor modules a popular choice for individualists.

More on page 14

B

Built-in components for a solid / fixed outdoor kitchen

A unique look, Mediterranean flair and individual design options characterise the built-in elements for connoisseurs.

More on page 18

BUILT-IN GRILLS

Whether set in a Mediterranean stone wall or integrated into a luxurious stainless steel kitchen - a grill head will become the popular centre of your outdoor kitchen!

Different models with different features allow for individual grilling preferences.

Let yourself be inspired by the possibilities and get prepared for your individual outdoor kitchen.

ICON EXPLANATION

This grill model contains the infrared SIZZLE ZONE™

This product comes with NAPOLEON's limited lifetime warranty

Available as a propane gas model

Available as a natural gas model

BUILT-IN PRESTIGE PRO™ 825 RBI

33,3 kW | 9 Burners | Total cooking area: 72 cm x 46 cm + 47 cm x 46 cm + Warming Rack **BIPR0825RBIPSS-3**

- 9 Electronic ignition + **JETFIRE™** ignition system
- 10 **Stainless Steel infrared Rear Burner** for juicy rotisserie dishes
- 11 **Interior lighting** in both grill chambers

NAPOLEON'S SPECIAL

THE INFRARED SIZZLE ZONE™

For the production of infrared heat NAPOLEON® uses ceramic burners with thousands of small flame outlets - the so-called SIZZLE ZONE™. The energy of the flames is absorbed by the ceramic surface which begins to glow, generating temperatures of over 800°C.

The results:

- Allows you to quickly sear and caramelize your food
- Juicy, tasty dishes and perfectly cooked steaks
- Shorter grill time – this saves gas and money

Integrated smoking tray for extra aroma

SIZZLE ZONE™ Area for perfect steaks

Infrared rear burner and rotisserie kit

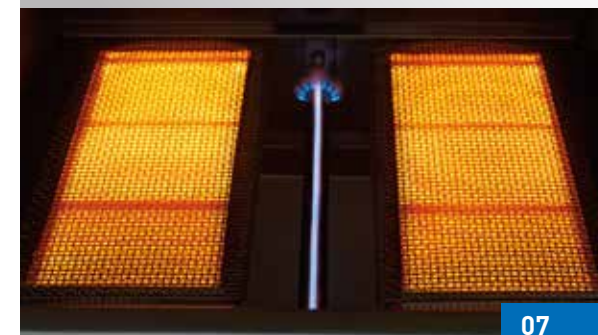

SAFETY GLOW™ colour changing control knobs

Proximity lighting

9,5 mm WAVE™ grids and heat distributors from Stainless Steel

BUILT-IN GRILLS

NAPOLEON'S SPECIAL

INFRARED UPGRADE-KIT FOR BIPRO665 AND BIPRO500

With the infrared upgrade kit from NAPOLEON® you can enjoy extremely juicy dishes - like from the infrared SIZZLE ZONE™!

Simply follow the conversion manual and replace a conventional stainless steel tube burner of the BIPRO500 and BIPRO665 with the infrared burner of the upgrade kit. The significantly higher temperatures of the powerful infrared burner seal the meat faster, the surface caramelises to a crispy crust and the grilled food is juicy and flavourful. This turns every gas barbecue into a unique, extremely hot infrared grill for perfect steaks, crispy roasts and crisp wok dishes.

BUILT-IN PRESTIGE PRO™ 665 RBI

27 kW | 7 Burners | Total cooking area: 94 cm x 46 cm + Warming rack **BIPRO665RBPSS-3**

- 7 **SAFETY GLOW™** colour changing control knobs
- 8 Electronic ignition + **JETFIRE™** ignition system
- 9 **Stainless Steel infrared Rear Burner** for juicy rotisserie dishes
- 10 Also available as **natural gas model**

NAPOLEON'S SPECIAL

LIFT-EASE™, WAVE™ & CO

NAPOLEON® brings comfort and refinement to the perfection of barbecuing. The space-saving LIFT-EASE™ roll top lid is designed to slide backwards particularly smoothly and slimly when opened. This allows you to place your barbecue close to walls and objects (necessary wall distance see page 22).

The well thought-out, wave-shaped WAVE™ grill grids not only give your steak the typical NAPOLEON® branding - their shape also ensures that the heat is distributed evenly.

The JETFIRE ignition system is also clever: at the touch of a button it ignites all the desired burners simultaneously. The gourmet grills from NAPOLEON® offer you this and much more.

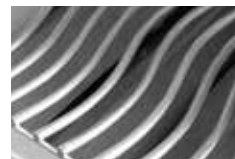

Infrared rear burner and rotisserie kit

Space-saving & smooth-running LIFT-EASE™ roll top lid

SAFETY GLOW™ colour changing control knobs

BUILT-IN GRILLS

NAPOLEON'S SPECIAL

CHARCOAL ON A GAS GRILL

Turn your gas grill into a charcoal grill!

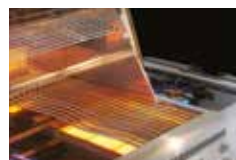

Because of the optional charcoal & smoker tray it is now possible to easily switch between gas and charcoal. Remove the grids and sear plates from the grilling chamber and place the cast iron tray on top of the burners. Fill up the charcoal tray with charcoal and turn on the burners. Place back the grids inside of the grill and enjoy the nostalgic grilling of charcoal with it's unique, smoked aroma!

BUILT-IN LEX 605

24,5 kW | 5 Burners | Total cooking area: 85 cm x 46 cm + Warming rack **BILEX605RBI**

With digital display, belt holder and approx. 60 meters range. #70006

OASIS™ MODULAR OUTDOOR KITCHENS

The guests are having fun, social conversations in every corner and the irresistible smell of grilled food makes your mouth water. The prerequisite for such a pleasure is a solid cooking and barbecue possibility outside. The modular Oasis™ outdoor kitchens combine highest quality with pure barbecue pleasure and can be combined in an unlimited way. Create your own individual oasis - we will show you how!

BUILT-IN KITCHENS – VARIETY & VARIATION

Endless combination options allow you to design your very own outdoor dream! Here we show you some variations of what your outdoor kitchen could look like... On the following pages you will find all of the modules in detail and enough space for your first ideas!

BIPRO500
Built-in grill
option

Countertop not included

IM-WDC
Kitchen roll holder
& Waste bin

IM-UGC500
Base cabinet with
2 large drawers on
roller glides

IM-UTC
Propane tank cabinet
with pull out tray

At a 45° angle the Oasis modules nestle around the built-in grill. This way the grill master always has their accessories at hand and more time for their guests.

Numerous modules offer storage space for outdoor equipment and barbecue accessories. The generous workspace invites you to grill and enjoy. Ideal for outdoor enthusiasts & sociable hosts.

Countertop not included

2 x **IM-3DC**
3 drawers on
roller glides

Base cabinet with
2 large drawers on
roller glides

IM-UTC
Propane tank cabinet
with pull out tray

IM-WDC
Kitchen roll holder
& Waste bin

Arranged at a 90° angle, this version fit perfectly against house walls and terraces. The centre of the party is quickly identified!

BIPRO825 Built-in grill option
including rotisserie kit

Countertop not included

IM-UDC
Universal cabinet

IM-WDC
Kitchen roll holder
& Waste bin

IM-UGC825
Base cabinet for BIPRO825
with 4 large drawers on roller glides

IM-UTC
Propane tank cabinet
with pull out tray

IM-3DC
3 drawers on roller glides

GRILL BASE CABINETS & OASIS™ MODULES

Base Cabinet IM-UGC825

Suitable for BIPRO825RBI, including 4 drawers on roller glides for storing all of your grill accessories

Base Cabinet IM-UGC665

Suitable for BIPRO665 and BILEX605, including 2 drawers on roller glides with handle bars

Base Cabinet IM-UGC500

Suitable for BIPRO500 and BILEX485, including 2 drawers on roller glides with handle bars

To be observed:

If you would like to connect a module at a 45° angle immediately after the built-in grill head, please select the 2 drawer module. Other modules could collide with the operating panel of the built-in grill head.

Please note that the models BIPRO665 and BIPRO825 cannot be combined at a 45° angle.

Place your grill at least 60 cm away from flammable materials.

Observe local and national safety regulations as well as the safety instructions in the supplied manual.

3 Drawer cabinet IM-3DC

3 drawers on roller glides with handle bars. Stainless Steel fronts

2 Drawer cabinet IM-2DC

2 drawers on roller glides with handle bars. Top drawer is "blind" to integrate the sink, side burner or ice cube compartment. Stainless Steel fronts

From grill head and drawers to gas side burners - there are no limits to creativity when designing an Oasis™ outdoor kitchen. The following features characterise Oasis™ modules:

- Doors and drawers made of high quality Stainless Steel and therefore particularly durable
- Body made of galvanized steel with powder coating
- Leveling feet for a precise alignment. Even on uneven terraces and floors
- Pre-punched openings for electrical and gas installations
- Cash-and-carry design: The modules are pre-assembled at the factory. So you only need to connect the desired modules together.
- Stylish end panels for side closure.

**Universal door cabinet
IM-UDC**

With spacious interior. Door with handle bar, hinged on the right or left. Stainless Steel fronts

**Waste drawer cabinet
IM-WDC**

Integrated kitchen roll holder in top folding compartment. Generous trash can drawer on roller glides. Stainless Steel fronts

**Propane tank cabinet
IM-UTC**

With pull-out drawer for storing and changing gas bottles. Door with handle bar, hinged on the right or left, Stainless Steel fronts

**45° Transition panel
IM-45T**

Powder-coated connection panel for mounting two modules at a 45° angle. Combine two modules to create a 90° angle

**Wall spacer panel
IM-WSF**

Powder-coated panel as a spacer between the wall or wall and the Oasis™ outdoor module or as a cover for gaps

**End panel
IM-CEP**

Powder-coated end panel to cover up pre-punched openings for electrical and gas installations on the side of cabinets

BUILT-IN COMPONENTS

The warm wind carries the smell of grilled meat, the timeless side dishes are already being prepared and the children flock to the table hungry...

A brick outdoor kitchen with a grill quickly becomes a popular centre in your garden. Once you have decided on the size and shape of your outdoor kitchen, you will enjoy it for a long time. Whether natural stone or marble, brick or slate - the solid outdoor kitchen oasis radiates both comfort and elegance.

**135L Outdoor Beverage Cooler
